DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Freeman et al (2002/0188943) in view of Rainville et al (2002/0069411) for the same reasons as set forth in Section 8 of the previous office action, dated 10/15/08.

With respect to the newly amended limitation, Figure 1 of Freeman et al already discloses the concept of such common video image selection means 135 being accessible to the user 5.

Response to Arguments

3. Applicant's arguments filed 2/17/10 have been fully considered but they are not persuasive. Applicant asserts on pages 8-9 of the Remarks that Freeman et al fails to disclose video selection being accessible to the home user at any time. However, one of ordinary skill in the art would have had no difficulty in recognizing that the producer 5 is also an example of the many users of the interface system 1.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
